

LAKE-MARK™ Snap-On and Strap-On Markers

Lake-Mark™ Snap-On and Strap-On Markers are meant for insulated pipes or oily, dirty, greasy, and rough surfaces. Materials and construction meet ANSI Standards. These markers are easy to install and can be removed and reapplied in different areas.

Snap-On Markers	Style	Letter Height	Outside Pipe Diameter	Material Thickness
Coiled, rigid PVC markers are screen printed for extra durability. Arrows come printed on markers so no arrow tape is needed	Style A Markers	1/2"	3/4" to 1 3/8"	.020
	Style B Markers	3/4"	1 1/2" to 2 3/8"	.020
	Style C Markers	1 1/4"	2 1/2" to 3 7/8"	.030
	Style D Markers	1 1/4"	4" to 6"	.030

Strap-On Markers	Style	Letter Height	Outside Pipe Diameter	Material Thickness
Used on large pipes. Supplied in flat sheets and applied to pipe with zip ties, which are included in the price of each marker.	Style F Markers	1 1/4"	6" to 7 7/8"	.020
	Style G Markers	2 1/2"	8" to 9 7/8"	.030
	Style H Markers	3 1/2"	10" to 15"	.030
